brendaclay@cableone.net

Brenda Clay has been an Industrial Brokerage Specialist in the Treasure Valley since 1998, and in the ensuing eleven years has become one of Boise's most highly respected professionals. In 2005 she joined DK Commercial and by 2006 she earned the "Commitment to Excellence Award" for the most transactions and was designated "Top Producer" in 2007 and 2008.

Brenda's experience regarding sales/lease negotiation, marketing, transaction management, contract preparation, graphics design, promotional production and client representation is un-matched in the Valley.

Utilizing cutting edge technology, Brenda closely monitors the local Industrial real estate market and maintains a proprietary database of properties which fall under her umbrella of specialization.

Brenda brings a refreshing level of commitment, reliability, and integrity to her clients. She is a provider of solutions not just services.

Her tenacity in providing top shelf customer service has resulted in an extensive and distinguished long-term client list. Maintaining these relationships is top priority to her.
